18254 Morris Lane  
Plush, OR 97637-9999  
(541) 947-2259 (Business Number)

## LOCATION OF COMPONENT SCHOOL DISTRICTS

Located in the high desert outback of south-central Oregon, Lake County Education Service District is one of the smallest of the nineteen Oregon ESDs in terms of student population (approximately 1,085), but the fourth largest in terms of square miles (8,359). Lake County consists of five school districts with a total of nine schools. Lake County School District #7, in the town of Lakeview, has three elementary schools, one middle school, and one high school, and serves approximately 690 students. Paisley School District #11 (Paisley Public Charter School) has one K-12 school and serves approximately 75 students and a distance learning program serving approximately 130 students. North Lake School District #14 also has one K-12 school and serves approximately 250 students. Plush School District #18 (grades K-3) and Adel School District #21 (grades 4-8) divide K-8 students between their two schools and serve approximately 15 students. Their high school students attend Lakeview High School or Paisley High School beginning with the 9<sup>th</sup> grade.

# **LAKE COUNTY EDUCATION SERVICE DISTRICT**

## **MESSAGE FROM THE SUPERINTENDENT**

The Lake County Education Service District has an ongoing commitment to the goal of providing the best possible service to the component districts of Lake County. We strive to support all students of Lake County, particularly those with special needs. This Local Service Plan is representative of this goal. The ESD staff are striving to work as efficiently as possible to maximize the use of state and local funds. Highlights you will see in this plan compared to last year include:

- Change in School Psychologist. Our School Psychologist is retiring at the end of June. Our goal is to replace her with another person. This is a very difficult position to fill and we anticipate we may need to contract, at an additional cost, with a service company to fill the position.
- Alina Bradbury and Rosana Cahill are sharing the responsibilities of SSA Liaison as a support to districts.
- Speech and Language Pathologist Assistant (SLPA), Brittanie McCrary, will be completing her SLP college courses in the middle of the year and will then take on full SLP duties. This will allow us to only have to contract SLP services for half the year.
- Ryan Tague has been trained in Crisis Prevention Institute's Behavior Management and will provide this training to all Lake County staff. CPI training programs provide strategies and techniques for all levels of educational professionals from district administrator through classroom staff. These strategies focus on the Care, Welfare, Safety, and Security of all students and staff with evidence-based, trauma-informed behavior management and crisis prevention approaches.
- Additional funding may be allocated by the state for assistance with districts' reporting of grant usage. This may be a significant amount that may allow for the hiring of a full-time reporting specialist.

These services are in response to needs expressed by district administration, changes in legislative mandates, retirements, along with a focus on providing students and staff the best possible service.

The Lake County ESD's four legislatively mandated areas include:

1. Support for students with special needs
2. Instructional and curriculum support
3. Technology support
4. Administrative and support services

We continually reevaluate our services, programs and solicit input into how we can improve what we do. The staff at Lake County ESD are second to none in dedication, excellence and professionalism. We enjoy what we do and are committed to improvement.

I appreciate the cooperation and support of our component districts, their boards, and staff as we continue to build and adjust a Local Service Plan that most effectively meets their needs.

Jack Thompson, Superintendent  
Lake County Education Service District

## ESD MISSION

To assist local school districts and the Department of Education in achieving Oregon's educational goals by providing equitable, high quality, cost-effective and locally responsive educational services at a regional level. (ORS 334.005)

## PURPOSE OF THE LOCAL SERVICE PLAN

As a result of HB 3184 passed by the 2005 Legislature, the annual resolution process has been merged into the creation of a local service plan to be developed jointly by the Education Service District and its component school districts. This process was not new for Lake County ESD. The resolution services provided for its five constituent school districts have always been a direct result of discussion, compromise, and agreement among our five component school districts and their respective staff and boards.

## REQUIRED PROGRAM AND SERVICE AREAS

**Programs for children with special needs** include, but are not limited to:

- ❖ Special Education
- ❖ At-risk students
- ❖ Professional development for employees who provide those services

**Instructional and curriculum support** for component school districts include, but are not limited to:

- ❖ Helping schools meet the requirements of state and federal law
- ❖ Providing services designed to allow the ESD to participate in and facilitate a review of state and federal standards related to the provision of a quality education
- ❖ Supporting and facilitating continuous improvement planning
- ❖ Support for school-wide behavior and climate issues
- ❖ Providing professional development for employees who provide these services

**Technology service support** for component school districts and the individual technology plans of those districts includes, but is not limited to:

- ❖ Technology infrastructure services
- ❖ Data services
- ❖ Instructional technology services
- ❖ Distance learning
- ❖ Professional development for employees who provide those services

**Administrative and support services** for component school districts include, but are not limited to:

- ❖ Services designed to consolidate component school district business functions
- ❖ Liaison services between ODE and component districts
- ❖ Registration of children being taught by private teachers, parents or legal guardians pursuant to ORS 330.035

**Other Services** that ESDs are required to provide by state or federal law, include but are limited to:

- ❖ Compulsory Attendance as required under ORS 339.005 to 339.090

## **GOALS OF THE LOCAL SERVICE PLAN CORE SERVICE AREAS**

As specified in HB 3184, the goals of the four core service areas are to:

- ❖ Assist component school districts in meeting the requirements of state and federal law
- ❖ Improve student learning
- ❖ Enhance the quality of instruction provided to students
- ❖ Provide professional development to component school district employees
- ❖ Enable component school districts and the students who attend schools in those districts to have equitable access to resources
- ❖ Maximize operational and fiscal efficiencies for component school districts

## **APPROVAL PROCESS**

The criteria to approve the Local Service Plan requires that two-thirds of the component school districts, with at least 50 percent of the student population, must vote in favor of the plan. [ORS 334.175(5) (a)(b)]

The Local Service Plan is presented to the Budget Committee, which is comprised of representatives from the component school districts and the ESD Board of Directors. The committee meets two times throughout the school year. During the spring months the administrators from the five districts discuss and agree to the proposed resolution services for the following year. This proposal is presented to the Budget Committee in January. Final school district approval is completed in February with the final budget approval at the May meeting. Throughout the year, school districts have the opportunity to discuss the proposed resolution services at their individual board meetings. Administrators may bring back comments to the ESD superintendent at their monthly administrative meetings.

## **2022-23 PROPOSED LOCAL SERVICE PLAN SCHOOL DISTRICT APPROVAL DATES:**

Lake County School District #7	February 9, 2022
Paisley School District #11	February 14, 2022
North Lake School District #14	February 14, 2022
Plush School District #18	February 8, 2022
Adel School District #21	February 10, 2022

### **AMENDMENT PROCEDURE**

All proposed services are contingent to adequate state funding. Inadequate funding may result in an amendment to the Local Service Plan. The Local Service Plan can be amended by a resolution of constituent districts and approval by the ESD Board using the same criteria to approve the original plan.

[ORS 334.175(6)]

### **ANNUAL PERFORMANCE MEASURE**

In keeping with HB 3184 and previous practices at Lake County ESD, the services provided and outlined in the Local Service Plan are measured annually by the component school districts. Lake County ESD conducts an online survey of all services provided under the Local Service Plan to each local district for the purpose of measuring the effectiveness of each program service. A summary of this performance measurement shall be provided to the component school district boards, superintendents and their teaching staff, and to the ESD Board.

### **ESD FUNDING REQUIREMENTS**

ORS 334.177 requires that at least ninety percent (90%) of all ESD revenues from the State School Fund (SSF) and other funds considered local tax revenues be spent on the provision of approved resolution services. The remaining ten percent (10%) may be spent on administrative costs.

### **PROVISIONS FOR ADDITIONAL SERVICES**

In addition to approved resolution services, an ESD may provide other services to component districts or other public or private entities on a contract (reimbursable) basis, when these services are approved within the Local Service Plan. Expenditures by the education service district for such services provided on a contract (reimbursable) basis are not subject to the 90% expenditure requirement.

## SERVICES OVERVIEW AND CALENDAR

The Lake County Education Service District provides a wide variety of services to our five member school districts. Those services have been organized to fit within the four core service areas as outlined in HB 3184. The Lake County ESD has a positive working relationship with our districts, and together we annually review and revise services to best meet the needs of the students. The 2022-23 Local Service Plan includes all service areas identified in HB 3184 and additional services identified as needed by our local school districts. We have incorporated what was previously known as resolution services into the four core service areas of our Local Service Plan.

A comprehensive list of programs and services provided by Lake County ESD is listed within the core service areas of the 2022-23 Local Service Plan.

### CALENDAR OF APPROVAL

<b>2021-22</b>	ESD Superintendent presented ESD goals and updated plans for the 2022-23 school year to the administration and each school district board
<b>NOVEMBER 2021</b>	Discussion/determination of 2022-23 resolution services by component school district superintendents and ESD administration
<b>JANUARY 2022</b>	2022-23 Local Service Plan to district superintendents/Budget Committee for final review
<b>FEBRUARY 2022</b>	Local Service Plan (Resolution Services) submitted to component school district boards for approval
<b>MARCH 2022</b>	Approval cycle completed
<b>MAY 2022</b>	2022-23 ESD budget approved by Budget Committee
<b>JUNE 2022</b>	2022-23 ESD budget adopted
<b>JUNE 2022</b>	Local Service Plan submitted to ODE

# PROGRAMS FOR CHILDREN WITH SPECIAL NEEDS

## **SPECIAL EDUCATION ADMINISTRATION**

The administration of the Special Education Department includes management of school-age programs, management of specialists through evaluation and leadership, and oversight of contracts for specialized services. It is the responsibility of this administration to stay current on special education law and report and present updates to staff. The Special Education Department provides administrative support necessary to assist component districts in planning and coordinating their special education services. The staff is also involved in consultation with instructional staff and parents regarding IEP/IFSP development, interpretation of data, appropriate adaptive equipment, and inclusion strategies. Staff monitors and reports progress as indicated on the IEP. Services include:

- ❖ Program development
- ❖ Staff development
- ❖ Private schools
- ❖ File review and maintenance
- ❖ Regional census/recordkeeping
- ❖ Special education software management (TIENet)
- ❖ Assistive technology support
- ❖ State and federal reporting
- ❖ Child Find activities

The Special Education Department at Lake County ESD has five programs that provide special education services to the communities of Lake County. These programs are:

- ❖ Itinerant special education teacher on site as needed
- ❖ Speech language services
- ❖ Psychological assessments
- ❖ Early Intervention/Early Childhood Special Education program
- ❖ Autism evaluation/consultation

## **ITINERANT SPECIAL EDUCATION TEACHER**

The function of the itinerant special education teacher is to use research based instructional methods with children who have various disabilities, providing direct instruction to these students of the three small school districts, and acting as a consultative resource to instruct staff in ways to help implement these methods within the school setting. The goal is to assist students who learn differently to acquire skills which will contribute to their development.

### **SPEECH / LANGUAGE SERVICES**

The Speech Language Program provides instruction to children who have speech and language disorders and hearing impairments. Services include identification, diagnostic evaluation, and intervention, which are provided through direct instruction and consultation with teachers and parents. The program also provides hearing screenings and services to children with hearing impairments through consultation and direct instruction. The staff in this program serves young children through the EI/ECSE program as well as all students in Lake County.

### **SCHOOL PSYCHOLOGICAL ASSESSMENT**

The Psychological Assessment program has one school psychologist that serves all schools in Lake County. The program provides evaluations, risk assessments, mental health assessments, and behavior consultations. The school psychologist is also a member of school teams that make decisions about special education eligibility. These services are provided to children from birth to 21 or graduation from high school.

### **EARLY INTERVENTION / EARLY CHILDHOOD SPECIAL EDUCATION PROGRAM**

The Early Intervention/Early Childhood Special Education (EI/ECSE) program provides services to children with disabilities, birth to kindergarten entry, and their families. The Douglas ESD, through the Oregon Department of Education, contracts with Lake County ESD to provide these services in Lake County. The EI/ECSE program is very active in Child Find activities. Referrals are taken from members of the community and, with parents' permission, evaluations are conducted to determine eligibility for the EI/ECSE program. Services are provided to children and their families through home visits, ECSE classrooms, consultation to community preschools and Head Start programs, toddler groups, and speech groups.

### **AUTISM**

Lake County ESD provides autism consulting through a trained specialist (Sammy Sharpe). This specialist provides both direct service and consultation to teachers, parents, and students so that children will benefit from their educational environment and become as independent as possible in their schools, homes, and community.

### **CHILD FIND**

The Early Intervention/Early Childhood Special Education coordinator performs activities that identify and refer children with special needs. These activities include radio, cable TV, and newspaper ads and articles. Posters (Spanish/English) are placed in all communities throughout Lake County and presentations are made to service organizations. All activities are conducted annually county-wide.

# INSTRUCTIONAL AND CURRICULUM SUPPORT

## INSTRUCTIONAL SUPPORT

The Instructional Support Department consists of a .2 FTE director and a .8 FTE curriculum/instruction specialist. Services are provided to the five districts in the following areas:

- ❖ Curriculum, instruction, and state assessment training and assistance
- ❖ Coordination and provision of staff professional development
- ❖ Common Core State Standards support
- ❖ Continuous Improvement Planning (CIP)/Achievement Compacts
- ❖ Support for Educator Effectiveness/Teacher Evaluation
- ❖ Teacher Mentoring

## FOREIGN LANGUAGE PROGRAM

The Lake County ESD provides funding for online foreign language instructional programs for North Lake and Paisley School Districts. Two .5 FTE educational assistants are supported at these school districts. These assistants monitor students' progress and provide support for online programs. This service is provided to elementary and high school students in these two school districts.

## SCHOOL COUNSELORS

Flow through dollars are provided to three K-12 school districts to fund school counselors who provide academic and career counseling, as well as interventions for at-risk (but not deeply troubled) youth. Adel and Plush School Districts, both one room schools, receive counseling services on an as needed basis from a School Psychologist.

## NURSING SERVICES

The school nurse is an employee of Lake Health District and has a current license to practice as a RN in the State of Oregon. Responsibilities include, but are not limited to:

- ❖ Reviewing health records and teacher referrals to identify possible student health problems.
- ❖ Providing a nursing assessment for selected students; identifying goals for care, formulating a written protocol; evaluating and revising the plan of care as necessary.
- ❖ Participating in case staffing with other school personnel when appropriate.
- ❖ Counseling individual students regarding health needs/problems and making appropriate referrals as necessary.
- ❖ Working as liaison among the school, community health and welfare agencies and the medical profession.
- ❖ Consultation regarding immunization documentation to assure compliance with the State statutes.
- ❖ Inspecting, referring, educating, excluding those suspected of having a communicable disease.
- ❖ Providing vision screening for students aged 7 and under.
- ❖ Continuing supervision of students who have positive PPD's. (The **PPD** skin test is a method used to diagnose silent (latent) tuberculosis (TB) infection. **PPD** stands for purified protein derivative.)
- ❖ Work with schools to identify students with health issues and recommend appropriate care or refer the student for care.

### **LIBRARY SUPPORT**

Lake County ESD has contracted with an experienced school library consultant to provide support county school libraries and assist with district compliance with the Division 22 Standards.

### **ENRICHMENT FUND (As funds allow)**

The Enrichment Fund allows Lake County students an opportunity to enjoy an array of enrichment programs and activities such as field trips, assemblies, and artists in residence. These activities are intended to enhance the students' basic education. The availability of these dollars is reviewed annually.

### **PROFESSIONAL DEVELOPMENT FUND**

This fund is allocated to the schools based on instructional staff to support districts in their ongoing efforts to keep staff knowledgeable on current practices. Districts can request reimbursement from this fund for various professional development opportunities for their staff.

### **BEHAVIOR SPECIALIST/COUNSELOR**

The Behavior Specialist/Counselor position will be a new position for Lake County. This position will provide supports to districts in determining the best plan of action for children needing behavior and emotional supports. This person will assist with creating behavior plans, coaching teachers, training staff in areas such as Trauma Informed Care, and being a resource for ways to work with children with behavior concerns.

Funding for this position will be provided by Student Success Act grant funds from each district and the ESD

# **TECHNOLOGY SERVICE SUPPORT**

## **NETWORK SERVICES**

Lake County ESD provides high speed internet connectivity for the five component school districts through contracts with various providers. All districts now have internet access through fiber optic connection.

## **E-RATE SUPPORT**

The Business Manager for Lake County ESD provides E-Rate support to component school districts. E-rate is a federal program which provides discounts for telecommunication services, Internet access, and networking equipment. Lake County ESD provides assistance in completing the numerous forms, meeting deadlines, and ensuring compliance with the program's many rules.

## **WIRELESS HOT SPOT MEMBERSHIP**

Kajeet mobile wifi hotspots are provided for the four school districts with wireless access (LCSD#7, Paisley SD#11, North Lake SD#14, and Adel SD#21). This service is provided so that all students have an equal opportunity to have access to on-line learning. Some families do not have internet access. Schools are able to check the Kajeet device out to the student to take home and have internet. The devices can be monitored, tracked, and are filtered for appropriate material.

Note: once Plush SD has wireless capability, a mobile hotspot will be provided for their district.

## **TECHNOLOGY SERVICES**

Lake County ESD has flowed through funding for a portion of Lake County SD #7's technology service for the past several years. In 2021-22, this service may either be continued or traded for a mental health counselor, depending on next year's funding levels.

## **ZOOM MEETING SERVICES**

Zoom internet meeting availability is provided at the ESD. This allows component district personnel to attend or host meetings remotely.

# **ADMINISTRATIVE AND SUPPORT SERVICES**

## **SUPERINTENDENT'S OFFICE**

The superintendent's office includes general functions related to the management of the Lake County ESD including interactions with the public, the Board of Directors, and local school district superintendents. The office also oversees policy development, boundary board issues, preparation and management of the Local Service Plan, and other general duties related to assuring that the Lake County ESD is serving its component school districts, and adhering to state and federal laws and mandates. In addition, the office coordinates board trainings, hosts regional events, and provides other services to component school districts and boards as needed.

## **THREAT ASSESSMENT COORDINATOR**

School Safety services include Student Threat Assessment. This service covers the full spectrum of intervention when there is a risk of violence, self-harm, or other self-destructive behaviors that place students at-risk for school and life difficulty. We strive to provide a comprehensive system of identification, assessment, and intervention to assist schools in addressing students who pose a threat to themselves and others.

The following services are available to the five component school districts:

- Consultation to school district staff
- Training of district staff in threat assessment procedures
- On-site threat assessment teams

## **COUNTY ATTENDANCE OFFICER**

This service provides administrative staff to respond to attendance infractions reported by school districts. Services are provided as requested.

## **SUPPORT OF HOME SCHOOL STUDENTS**

The Lake County ESD acts as a registrar for home school students in Lake County. The receptionist/clerical assistant maintains student files, coordinates testing at the mandated grade levels, provides notification of enrollment, and DMV documentation as needed. In addition, local component school districts are informed on a monthly basis of the registered home schooled students within their district boundaries.

## **GRANT WRITING**

The superintendent and curriculum & instructional support specialist coordinate grant writing for the ESD and the five constituent school districts upon request.

## **MANAGEMENT OF SPECIAL REVENUES AND GRANTS**

The ESD provides technical assistance and support for annual Maintenance of Effort calculation. In addition, the ESD manages grants awarded for county-wide activities such as the Youth Mentor Program and Student Success Grants.

## **COPY SHOP SERVICES**

Lake County ESD provides low-cost black and white and color printing, binding, and lamination services to component school districts.

### **COURIER SERVICES**

Lake County ESD provides courier services to all five member school districts.

### **ADMINISTRATIVE SERVICES**

Administrative services are provided to the Adel and Plush School Districts. Services include attendance at the districts' board meetings, assistance with school improvement planning, and providing information regarding pertinent school laws. The ESD's director of special education serves as special education director for the three small school districts (Paisley, Plush, and Adel SDs).

### **PART-TIME PRINCIPAL AND FISCAL SERVICES FOR ADEL SCHOOL DISTRICT**

The Adel School District contracts with Lake County ESD to provide principal and fiscal oversight for their 4<sup>th</sup> - 8<sup>th</sup> grade school.

### **PART-TIME FISCAL SERVICES FOR NORTH LAKE SCHOOL DISTRICT**

The North Lake School District contracts with Lake County ESD for fiscal services (payroll, accounts payable/receivable, budget preparation) for their K-12 school.

### **PART TIME COUNSELING SERVICES FOR PAISLEY**

The Paisley School District contracts with Lake County ESD to provide mental health counseling.

### **AUDIT SERVICES**

Lake County ESD coordinates the annual audit for the five school districts and ESD. The cost of the audit is paid up front by the ESD to reduce the overall expense. Annually, in late spring, the ESD reviews its 90% direct service expenditures. If funds are available, school districts are not invoiced for their individual shares of the annual audit cost.

### **SRT (STUDENT RESPONSE TEAM) TEAM**

Individuals from across the county have been trained to provide support to schools in the event of a student/staff death or other tragedy. Individuals including school counselors, retired and current teachers, mental health therapists, laws enforcement, clergy, juvenile probation, educational assistant, school psychologist, and Lake Health District staff have all been trained to assist.

### **CPI CRISIS PREVENTION INSTITUTE – RESTRAINT TRAINING**

Crisis Prevention Institute restraint training services are provided to all districts at a cost of \$25 per person. Funding for this is provided through resolution services. This service provides required restraint training to staff working with special needs children and staff with positions where restraining a child may be necessary

## **GRANT PROGRAMS**

### **(NON-RESOLUTION SERVICE)**

#### **LAKE COUNTY YOUTH MENTOR PROGRAM**

The Lake County Youth Mentor Program (LCYMP) was established to develop and implement a youth mentor program for youth grades K-12 throughout Lake County to enhance academic and personal achievement.

To accomplish these goals, adults are recruited to mentor youths one-on-one, in small groups, and/or working in partnership with another adult. The LCYMP recruits volunteers, performs background checks, and provides training to all volunteer mentors. Ongoing support and training is also provided to the volunteers to ensure successful mentoring relationships.

Additionally, program staff work to provide inexpensive activities for the mentors and mentees to participate in through support from the local business communities.

The LCYMP works directly with the schools, ministerial associations, and local youth groups to recruit youth who would benefit from a mentoring relationship. Outreach activities are also performed to inform parents of the benefits of enrolling their children in the program.

Total Program Budget for the Youth Mentor Program is estimated at: \$ (2022-23)

#### **DOUGLAS-LAKE EARLY LEARNING HUB GRANTS**

The Lake County ESD participates with Douglas, Klamath, and Lake Counties in the South Central Early Learning Hub. The Hub provides funding through the Oregon Early Learning Division for a number of early learning programs including school readiness, kindergarten engagement, and home visiting. Funding comes from a variety of state grants including:

- Family Support
- School Readiness

Total 2021-22 budget: \$38,190

#### **STUDENT SUCCESS ACT FUNDS**

SSA Liaison will coordinate or weave together the work of additional ESD staff and contract consultants who are providing support and training to school districts within ESD grant agreements to support Student Success Act and Student Investment Account implementation. Liaisons are expected to consistently participate in planned ODE virtual and in-person meetings, participate in equity training and communicate regularly via email and phone with the Office of Education Innovation and Improvement and designated ODE staff. Liaison time will be funded by moneys designated to assist school districts to develop educational strategic plans aligned with the values and goals of the 2021-22 Student Success Act, HB 3427.

#### **STATEWIDE EDUCATION INITIATIVES ACCOUNT**

Student Success Act purpose is to meet students' mental or behavioral health needs and increase academic achievements for students, including reducing academic disparities for historically underserved students. There are five main outcomes of the Student Success Act – SEIA.

- Technical assistance for districts in their implementation of policies, systems, programs, and services that promote student social emotional wellbeing, mental health, engagement, and physical safety.

- Technical assistance for the continued implementation of and the identified key areas in district SIA plans via consulting, coaching, professional development, or other supports.
- Technical assistance in data collection and analysis that builds capacity, data literacy, and continuous improvement of schools and districts.
- Technical assistance to further and expand community engagement to meet the requirements of district SSA/SIA planning.
- Technical assistance for the growth and support of equity within each school district.

The SEIA grant provides funding to allow greater ESD support to districts. This includes the provision of technical assistance to districts in developing, implementing and reviewing a plan for receiving Student Investment Account grant money; and providing coordination with Oregon Department of Education in administering and providing technical assistance to districts, including coordinating any coaching programs. SEIA plans are adopted and amended as part of the Local Service Plan and approved by the Oregon Department of Education.
